**Comm. prod. name**

**AMBRA**

**Model**

**50, 75, 100, 150, 200, 300**

### **warranty conditions**

- The warranty covers any construction defects or defects in the raw material used in construction.
- The warranty does not cover operating defects caused by improper installation, an improper environment, fire, flooding, freezing and intentional damage.
- The warranty does not cover damage resulting from improper use.

### **Warranty period from date of installation: 2 years**

#### **General aspects**

1. In accordance with these provisions, the seller guarantees that the product corresponding to this guarantee is in perfect condition at the time of delivery.
2. In the event of defects in the product notified by the buyer to the seller during the warranty period, the seller will be obliged to repair or replace the product.
3. If it is not possible to repair or replace the product, the buyer may request a proportional reduction in the price or, if the defect is sufficiently significant, the cancellation of the sales contract.
4. The replacement or repair of parts in reference to this warranty will not result in the extension of the original duration of the warranty period.
5. For this guarantee to be valid, the buyer must provide proof of the date of purchase and delivery of the product
6. If, after six months from delivery of the product to the buyer, the buyer reports a defect in the product, the buyer must provide proof of the origin and extent of the defect detected..
7. This guarantee does not limit or prejudice the consumer's rights provided for by national legislation.
8. For this warranty to be valid, the buyer must fully comply with the manufacturer's instructions supplied by the manufacturer with the product, in cases where it is applicable according to the range and model of the product.
9. If there is a period for the replacement, maintenance or cleaning of components or parts of the product, the guarantee will be valid only if these requirements have been respected.

#### **Individual terms**

10. For this warranty to be valid, the installation of the product must be carried out by authorized technical personnel.
11. The warranty becomes invalid if the repair is carried out by unauthorized personnel.
12. The request for intervention from the manufacturer, during the warranty period, can be made through the seller or installer who supplied the product to the buyer.

#### **Limitations**

13. This guarantee will be applicable to sales to consumers, meaning "consumer" means a person who purchases the product for purposes not related to his professional activity.
14. Wear caused by the use of the product in its function is not covered by the warranty..
15. The warranty does not cover the following cases:
  - I. improper use;
  - II. repair, replacement and modification by unauthorized personnel;
  - III. repair, replacement and modification with non-original spare parts or parts;
  - IV. incorrect assembly and installation
  - V. natural disasters
  - VI. soil instability
