UWAGA / REMARQUE / NOTE / ATATTENZIONE / HINWEIS / OPMERKING

Instrukcja, którą posiadacie Państwo w ręku pokazuje krok po kroku w jaki sposób dokonać właściwego montażu basenu. Dołożyliśmy wszelkich starań, aby przygotować materiały jak najbardziej odzwierciedlające stan faktyczny i wygląd poszczególnych elementów. Jednak proszę pamiętać, że wszelkie rysunki mają charakter poglądowy i istnieje możliwość, że poszczególne elementy dostarczone w Państwa zestawie w rzeczywistości mogą odbiegać wyglądem od ich wizualizacji graficznej zawartej w instrukcji.

Le manuel que vous avez entre les mains montre étape par étape comment assembler correctement la piscine. Nous avons fait tous les efforts pour préparer les documents reflétant autant que possible l'état réel et l'apparence des éléments particuliers. Pourtant, il faut savoir que tous les dessins sont présentés à titre de référence et qu'il est possible que les éléments singuliers fournis dans votre kit puissent différer en apparence de leur visualisation graphique incluse dans le manuel.

This manual presents the correct assembly procedure for the swimming pool, step by step. We have undertaken all possible efforts to make sure that the materials are as close to the actual items and present their layout as closely as possible. Please remember, however, that all figures are indicative only and individual elements delivered in your set may be different than their graphical visualisations presented in the manual.

Le presenti istruzioni spiegano passo dopo passo come montare correttamente la piscina. Abbiamo fatto del nostro meglio per preparare i materiali che rispecchiano il più fedelmente possibile lo stato reale e l'aspetto dei singoli elementi. Occorre però ricordare che le figure hanno carattere illustrativo ed è possibile che i singoli elementi forniti nel Vostro kit avranno l'aspetto diverso dalla loro visualizzazione grafica contenuta nelle istruzioni.

Die Ihnen vorliegende Anleitung erläutert Ihnen Schritt für Schritt, wie das Schwimmbecken korrekt montiert wird. Wir haben alles daran gesetzt, die Unterlagen bestmöglich an den tatsächlichen Zustand und das Aussehen der einzelnen Teile anzupassen. Bitte bedenken Sie jedoch, dass alle Zeichnungen nur zu Anschauungszwecken dienen. Deshalb kann es sein, dass einzelne Teile in Ihrem Set anders aussehen, als in der graphischen Visualisierung in der Anleitung.

De handleiding die u in uw handen hebt, laat stap voor stap zien hoe u het zwembak op de juiste manier zult monteren. We hebben er alles aan gedaan om een handleiding voor te bereiden die zoveel mogelijk de werkelijke toestand en het uiterlijk van individuele elementen weergeven. Houd er echter rekening mee dat alle tekeningen alleen ter referentie dienen en dat het mogelijk is dat de afzonderlijke elementen in uw set in hun uiterlijk kunnen afwijken van hun grafische visualisatie in de handleiding.
